### Divemaster

Have you ever wanted to assist with dive classes, work on a dive boat or in a dive resort, or possibly even teach scuba? If so, your first step in achieving these goals is to enroll in PADI Divemaster training. The Divemaster program is comprehensive and includes:

- Extensive self study.
- Formal classroom sessions.
- Observing entry-level classroom, pool and open-water training.
- Observing advanced and specialty diver training.

Divemaster training is an important prerequisite to further training and certification as a PADI Assistant Instructor and Open Water Instructor. This course is highly individualized. Once you begin the process, much of the training can take place on a schedule that meets your individual needs. For additional information, or to enroll, call (630) 833-8383.

### Dates, Times and Places

**Note:** Information below is for starting dates only. Remaining classroom, pool and open-water sessions determined by instructor and students.

|                     |                           |                 |
|---------------------|---------------------------|-----------------|
| <b>Prerequisite</b> | Rescue, First Aid and CPR |                 |
